The screenshot shows a web browser window titled "Budgetary Data Mining - WFMVMDM - 27021 - 05.12.06.00.09 - Windows Internet Explorer". The main content area is titled "Parameters for the report" and "Report Name: Fund 27 Combined Detail Report".

Key sections and controls include:

- Information:** Contains fields for "Fund" (set to 27) and "Report Name".
- Account Ranges:** A section for defining account ranges.
- Parameters:** A section for configuring report parameters, including "Print Detail" (Yes/No), "Print Totals" (Yes/No), and "Suppress Zero Amounts" (Yes/No).
- Account Exclusions:** A section for defining account exclusions, with a note: "(Click the ? icon for information on the Account Exclusions option)".
- Budget Status:** A dropdown menu set to "All Accounts".
- Print Options:** Radio buttons for "Print Detail", "Detail Spacing", and "Print Totals".
- Access Control:** Radio buttons for "No access", "Read only", and "Modify".
- Buttons:** "Save and Exit" and "Print" buttons are visible.

Slide 5 - Slide 5

The screenshot displays the Skyward School District 1 software interface. At the top, the user is logged in as 'Cat Smith' with options for 'Account', 'Preferences', and 'Exit'. The page title is 'Skyward School District 1' with the 'SKYWARD' logo. The main content area is titled 'Fund 27 Combined Detail Report' and includes a 'Report Name' field with the value 'Fund 27 Combined Detail Report' and a 'Report Title' field with the value 'Fund 27 Combined Detail Report'. Below this, there are several sections for report configuration:

- Report Parameters:** Includes fields for 'Report Type' (set to 'Combined') and 'Report Title'.
- Account Ranges:** A section for defining account ranges, with a 'Field Selection' dropdown.
- Report access for other users:** A section with radio buttons for 'Read only' and 'Modify'. A callout box explains: 'Read Only - Will allow other users to view...' and 'Modify - Allows other users to view and edit the report...'. Below this are radio buttons for 'Consolidate Funds' (set to 'No') and a dropdown for 'Budget Status' (set to 'All Accounts').
- Additional printing prompt for current user:** A section with a checkbox and a callout box stating: 'Select this option if the report is used to report multiple groups of accounts...'. There is also a callout box that says 'Additional printing prompt for current user'.

The interface is heavily annotated with colorful callouts and boxes, including a large yellow callout box for 'Report access for other users' and a blue callout box for 'Additional printing prompt for current user'. The bottom of the screen shows a navigation bar with '<<' and '>>' buttons.

Slide 6 - Slide 6

The screenshot shows the Skyward School District 1 software interface. The top navigation bar includes 'Cat Smith', 'Account', 'Preferences', 'Exit', and a help icon. The main header displays 'Skyward School District 1'. Below this, there are icons for 'Task Manager', 'Favorites', 'New Window', and 'My Print Queue'. The interface is divided into several sections: 'Information', 'Parameters', 'Breaks', 'Field Selection', and 'Sources'. The 'Breaks' section is the primary focus, showing a 'Break Level Attributes' table with a 'Break' dropdown set to 'Single'. To the right, there are radio button options for 'Separator' and 'Dbf Underline', both with 'No' selected. A 'Save' button is visible in the top left of the main area. The interface is overlaid with several instructional callouts:

- Top Callout (Cyan):** "Select the Breaks. The breaks define the sort sequence of the accounts, and how the sub totals should display."
- Right Callout (Pink):** "The Sequence determines the sort sequence of the accounts for the report."
- Bottom-Left Callout (Pink):** "Click Save Breaks and Add Ranges when finished setting the breaks."
- Bottom-Center Callout (Pink):** "Check the position (dimension) of the account number that you want to see a break (sub total) in the report. The positions display in the Break Levels browser."
- Bottom-Right Callout (Pink):** "Select the Break Attributes for the corresponding selected breaks."
